

Grilling Safety

ONLY use grills outdoors

PLACE grills away from structures

KEEP grills clean

ALWAYS open a gas grill lid before lighting

NEVER leave a grill unattended

FOLLOW the **3 FEET RULE**

3 FEET RULE

Grill Care

Propane Grills

Before using for the first time each year, check the gas tank hose for leaks by applying a light soap and water solution to the hose; a leak in the hose will cause bubbles.

If your grill has a gas leak and there is no flame, turn off the gas tank and grill. If the leak appears to stop, have the grill serviced by a professional. If the leak does not stop, call the fire department.

If you smell gas while cooking, immediately get away from the grill and call the fire department.

Charcoal Grills

Use only charcoal starter fluid

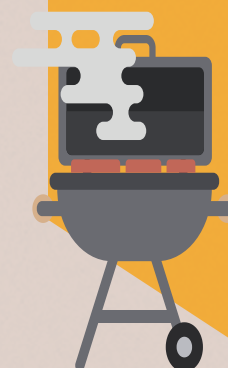

Once started, never add charcoal fluid or any flammable liquids to the fire

Allow coals to completely cool before disposing in a metal container

FAST FACTS

⚠️ July is the peak month for grill fires.

⚠️ Roughly half of grilling injuries are thermal burns.
